

copolymer of hydrophilic monomers and hydrophobic monomers; and mixtures thereof.

56. The method of Claim 2, wherein said fabric color care active comprises a  
5 surfactant capable of forming a bilayer structure, selected from the group consisting  
of: phospholipids; glycolipids; sorbitan esters of long chain (C<sub>16</sub>-C<sub>18</sub>) fatty acids;  
fabric softening actives; and mixtures thereof.

57. The method of Claim 25, wherein said fabric color care active comprises  
10 fabric softening actives which are biodegradable and have with highly unsaturated  
and/or branched hydrophobic chains.

58. The method of Claim 1, wherein said fabric color care composition  
15 additionally contains at least one of the following adjunct materials: perfume, odor  
control agent including cyclodextrin, surfactant, brightener, antimicrobial active  
and/or antibacterial preservative, chelating agent including aminocarboxylate  
chelating agent, enzyme, antioxidant, static control agent, suds suppressor, dye  
transfer inhibiting agent, soil release agent, dispersant, insect repelling agent, moth  
repelling agent, and/or liquid carrier.

20 59. The article of manufacture of Claim 33, wherein said spray dispenser  
comprises a trigger spray device.

60. The article of manufacture of Claim 33, wherein said spray dispenser  
25 comprises a non-manually operated spray dispenser.

61. The article of manufacture of Claims 32, wherein said composition  
30 additionally contains at least one of the following adjunct materials: perfume, odor  
control agent including cyclodextrin, surfactant, antimicrobial active and/or  
antibacterial preservative, metal chelating agent including aminocarboxylate chelating  
agent, enzyme, static control agent, fabric softening active, dye transfer inhibiting  
agent, soil release agent, brightener, antioxidant, suds suppressor, insect repelling  
agent, moth repelling agent, and/or liquid carrier.

62. The article of Claim 44, wherein said set of instructions for use further  
35 comprises pictures and/or icons.
